

**CIVIL AVIATION AUTHORITY
FLIGHT DIVISION**

Ref.No.: 3328-15-301/324

Prohibition of using MPAAD security device for the Ž, A and B category paratroopers.

The Civil Aviation Authority, as the administration body in the matter of sport flying device - sports parachute - pursuant to § 83 par. 2 Act No. 49/1997 Coll., on Civil Aviation, and on amending and supplementing Act No. 455/1991 Coll., on Business Activities (Trade Act), as subsequently amended, issues in connection with the paratrooper casualty on September 19, 2015, the following

Prohibition of skydiving with the use of the MPAAP security device for the Ž, A, and B category paratroopers.

The device referred to above is a security device without any external connecting cables, during the activation of which the closing cord in the bottom part of the reserve parachute cover is cut off.

This ban from the use of the MPAAD security device for the Ž, A and B paratroopers is being issued with immediate effectiveness until further notice

In Prague, September 23, 2015

Signed: Ing. Josef Rada
Civil Aviation Authority Director
