SERVICE BULLETIN No. 1/11/2006

FUNCTIONAL REVISION OF PARAKNIVES

1. APPLIES TO: The paraknives delivered by the company Para – Gear, USA under the code No. K 11505. MarS a.s. identification is as follows: knife USA, index N – USA, code 00266

2. REASONING: Information for users – During checking a paraknives delivery, a non-conformant knife was discovered with an insufficiently sharp cutting-edge.

3. MEASURES: Perform a functional test to check a proper paraknife functioning. Defined procedure:
   1. Tie one end of a parachute line to a fixed point – Fig. 1;
   2. Hold the other end with your hand and draw it tighten – Fig. 2;
   3. Cut the line with a knife held in the second hand – Fig. 3;
   4. If the knife does not cut the line, then it does not function properly and requires to be put out of order.

4. TERM FOR PERFORMANCE: Upon receiving this bulletin.

5. RECOMMENDED SOLUTION: In case the knife is not functional, MarS a.s. Jevíčko offers to replace it and deliver a quality knife with identification as follows: knife, metal (hard aluminium), index NK – 02, code 02185 for CZK 180 without VAT.

6. DATE OF ISSUE: In Jevíčko, on 30 November, 2006

   Ing. Jaroslav Sedláčk – Head of Technical Department
   MarS a.s. Jevíčko
